Re: Correction of Legal Description, Notice of Intention to Commence Small Mining Operations,  
Skyline Pine Quarry, S/003/040, Box Elder County, Utah

Dear Mr. Ward:

This letter is to notify you that the Division has corrected the legal description for your Skyline Pine Quarry which is located in Section 35, T13N, R17W, Box Elder County, Utah. An error on the original notice and subsequently the acceptance letter was made due to human error. When the original notice was submitted to this office on May 28, 1997, several items were found missing or incomplete; one being the legal description. Lynn Kunzler of the Division staff helped you complete the notice. The map looked at was mistakenly identified as being located in range 16 west; therefore, the notice was completed showing range 16 west. In January 1998, we received your annual report of mining operations. The legal description on that report showed the correct legal description, as being in range 17 west. The Division corrected our records at that time.

Your small mining notice is still considered complete and valid. We apologize for any inconvenience this error has caused. If you have any further questions regarding this letter, please contact me at (801) 538-5286 or Lynn Kunzler at 538-5310.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
